MEMORANDUM FOR: Director, Intelligence Community Staff
Deputy Director for Science & Technology
Deputy Director for Intelligence

FROM: Director of Central Intelligence

SUBJECT: STAP Executive Secretary

1. Will you follow through in recommending to me officers for whom this would be most useful and who could best take on the task of being Executive Secretary, or whatever title might be appropriate, to the Science and Technology Advisory Panel.

2. The task would be to enhance the usefulness of the STAP and bring its expertise to bear in our analyses, in building our data base, and enhancing science and technology collection.

3. This should not be a full-time job but should be carried, on the side so to speak, by someone who is fully engaged in activities to which the mission of the STAP would have a close relationship.

William J. Casey
